Fun facts about this event

You can talk to the builders of many boat models and admire their fine work.

See the experts race radio-controlled boats. See it all from the Eel Pond bridge.

Kids can assemble a simple model boat from a \$5 kit.

Kids can sail small models in a fresh water pool.

John Stoudt is the president of the US Vintage Model Yacht Group. He will talk about changes in the sport/hobby of model yachting through the years.

Rob Napier researches, restores and builds models of historic vessels. He will talk about building a full-rigged merchant sailing ship, Maine-built in 1877.

Consignments for sale: boat model kits and supplies, new and used model boats

For sale: boat model kits, charts, photos and nautical items

Climb stairs inside the lighthouse to see Vineyard Sound from 87' above sea level.
(If raining, tours will be canceled)
